OUR STORY

SINCE 2007

Mr. Lohit, born into a middle-class family in Tezpur, Assam, faced challenges after his father's passing. His strong mother, however, braved the financial struggles to raise him. His academic journey unfolded at Tezpur Government Higher Secondary and Tezpur College. He wasn't just your average student; he was an active participant in college excursions.

An interesting turn came when he landed a central government job with the Paramilitary Force. Yet, the regimented life couldn't contain his yearning for travel. In a bold move, he quit his stable job to chase his travel dreams.

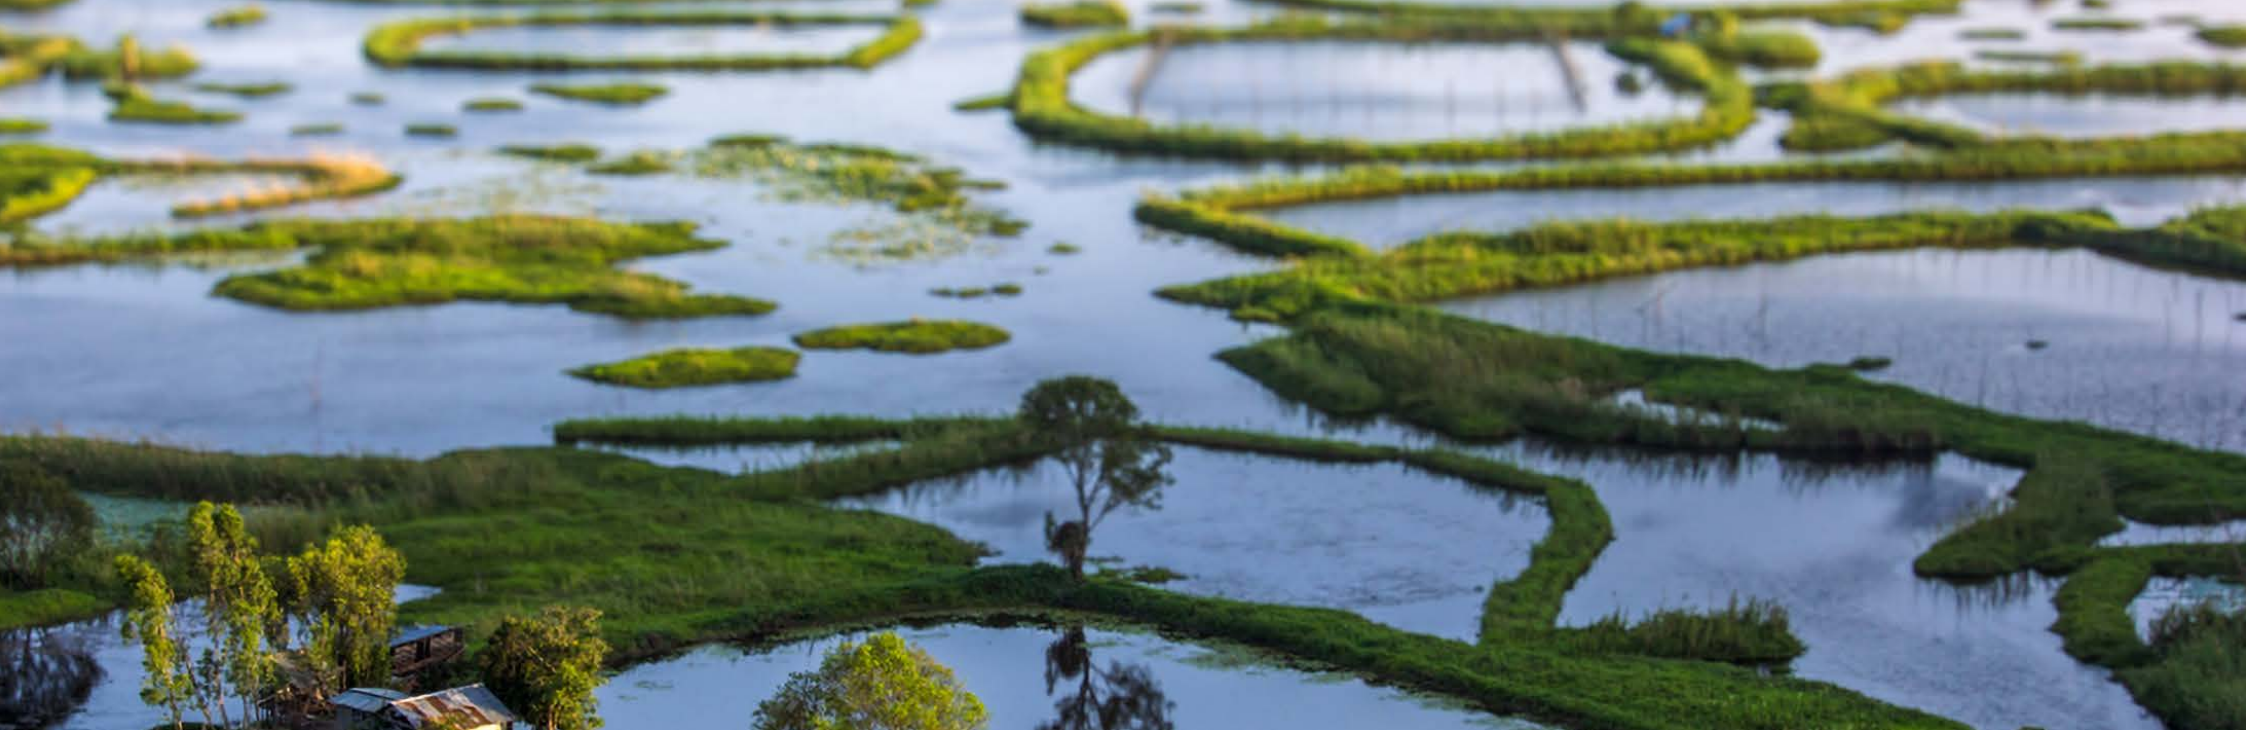

In 2007, Mr. Lohit's travel career began as a ground operator for Hotel Tawang View in Tawang, Arunachal Pradesh. His ambitions soared beyond. With a vision and his wife's support, he founded Lets See Tour and Travels on 17th September 2010 as a proprietorship firm. The company has since blossomed into one of India's top B2B Destination Management Companies and was converted to a private limited company in 2019. It now hosts over fifty thousand tourists annually and generates employment for thousands of people through its business activities.

A scenic coastal road at sunset. The road curves along the edge of a cliff overlooking the ocean. The sky is filled with warm, golden light from the setting sun, with some clouds. The text 'LET'S SEE' is overlaid on the image. 'LET'S' is in white, and 'SEE' is in green.

LET'S SEE

How did the name 'Lets See' come into being?

Yes, a successful couple is behind this leading company. Love blossomed amidst the beauty of the North East. In 2010, Lohit, working as a ground operator, met Momita, a tourist visiting from West Bengal. Their whirlwind romance led to marriage and a shared dream – Lets See, a tourism company born from their adventurous spirits. On September 17th, 2010, their journey began with the thought, “We’ll give our best and let’s see what happens.” Thus, the name ‘Lets See’ was born.

We take our travel beyond the main streets and into the heart of a destination. Travelling with our expert local teams and guides means tourists can focus on being in the moment, learning fascinating things about the destination without worrying about their itineraries.

05

Own Fleet of Tour Vehicles

We are fortunate to have our own fleet of vehicles, for the Northeastern part, of different sizes that are well-maintained and driven by drivers with good communication skills. This is a major advantage as we can arrange trips to remote tourist locations situated in far-flung areas.

06

Destination Managers

Our team is our strongest suit. The co-ordination between our ground team & back office team is so seamless that we resolve every on-tour issue in no time. We achieve such operational excellence through highly skilled Destination Managers who handle all on-site operations.

07

Exploring More Destinations

08

We have built exceptional coordination with the ground staff that provides 24/7 assistance, effortlessly taking care of clients' needs and ensuring smooth coordination on a daily basis.

Secure Travel

We prioritise the safety and well-being of tourists, ensuring their protection throughout their journey. Our dedicated team manages every aspect of travel security, allowing tourists to focus on enjoying their destination. With us, they can travel with peace of mind and complete confidence.

HOW WE TRAVEL

More Than A Trip

The first time a tourist sees a famous monument is incredible, but so is finding themselves in the middle of a village football game or sharing a laugh with a market vendor. Our trips combine the iconic with the unexpected to give tourists a genuine insight into local life.

Authentic Food

We know that food, while travelling, is more than fuel, and our trips include meals that enhance the adventure and give travellers a taste of local flavours. Imagine a traditional dish in the hills of Nagaland or a hearty dinner with an Assamese family in Assam – what a delight!

Live Like A Local

We believe where a traveller lays their head can be just as immersive as what they see during the day. Imagine spending the night in a fog-covered cottage or beside a bonfire. No matter where they stay, we always choose locally run accommodations or the best available options.

Local Connections

We believe the truest essence of a place isn't found on a page but in the warmth of genuine interaction. By sharing laughter, stories, and adventures with local people, tourists learn about different ways of life. More importantly, they'll discover common ground.

Traditional Handloom

During our tours to exotic locations, there's always a memory to bring back in the form of a souvenir. We have partnerships with the best dealers of artefacts and handlooms at every destination, allowing tourists to purchase whatever they wish at reasonable rates.
